

Memphis City Hall Candlelight Vigil A Day of Americans United Against Hatred and Fear

The purpose of this vigil is three-fold & we encourage you to share this invite with your friends, family, coworkers, neighbors & community.

(1) REMEMBER: To honor those who have passed on, those who were injured & loved ones who are gravely affected by this tragic event. We should also take this time to thank the policemen, first-responders, FBI, hospitals, and others who risked their lives & helped at this difficult time.

(2) MESSAGE: To spread the message about Sikhism because education trumps ignorance. We should expose the beauty of Sikhism to our community and share with the world that we are a peaceful & loving religion who respects people from all faiths & backgrounds. Guru Nanak preached a message of love/peace & coexisting in harmony with others.

3) SOLIDARITY: To come together at this difficult time & provide each other with comfort & support. We need to dispel any apprehension/fear that young

children may have about coming to the Gurdwara - this IS a safe place.

*"Nonviolence means avoiding not only external physical violence but also internal violence of spirit. You not only refuse to shoot a man, but you refuse to hate him."
Martin Luther King, Jr.*
